Our Voice

VIEW FROM THE PRESIDENT

— *Pride In Our Response*

We are living through the most challenging economic times in our generation. The unknown duration of the impact makes it difficult for anyone to plan to survive and then thrive post COVID-19. Inverclyde Chamber of Commerce has never been more critical in its role of supporting businesses in our local community.

We're proud to be part of a national and international network through Scottish Chambers of Commerce and we've been working together with the UK and Scottish Government's to find ways to support our communities, employees and economy.

Our local knowledge on the ground, provided by you, enables us to put Inverclyde's priorities at the forefront of the discussions. We're keeping our foot on the gas and are honoured to work on your behalf. The road is far from over and there will be some challenges, but it's now the time to come together as a strong voice.

Gavin McDonagh

President
