Strategic Plan 2019-2024

Welcome to Inverclyde Chamber!

Welcome to the new ICC strategy covering the 5-year period from 2019 to 2024.

Following a recent request for feedback from our members, we hope this Strategic Plan shows we have listened to your views and renews our commitment to provide an excellent standard of service, designed to continuously meet the needs of your business.

Inverclyde's economic regeneration has been a long-term fix, which has proven to be a continuous and steady development of key sites across the area and ultimately attracting more businesses, while maintaining and growing those already based here. It is clear to me that there is a confidence in the air currently about the Inverclyde economy, reflected by the number of businesses choosing to be here.

Inverclyde is also playing its role as part of the £1.1billion Glasgow City Deal - a ground-breaking partnership between the eight local authorities and the Scottish and UK governments - which further helps to fund large scale developments like the new visitor centre at Greenock Ocean Terminal.

This strategy outlines our vision and objectives for Inverclyde Chamber until 2024 as well as sharing our Action Plan for communities and businesses. I hope you will agree this demonstrates our shared commitment to growing the economy, creating jobs, increasing productivity and putting inclusive growth at the heart of all we do.

We can only achieve this through a partnership with you our members and we would invite you to share your thoughts and feedback on our plans. Our ambition for the Inverclyde business community is bold and I look forward to working with you to deliver this in the months and years to come.

Introduction To The Strategic Plan

This Strategic Plan for Inverclyde Chamber of Commerce articulates the strategic goals for change and the action plan for bringing about that change. This is an adaptive, non-static document subject to amendment with new and or additional input.

The Plan is not designed as a stand-alone document and is intended to work in conjunction with each year's business plans. We will continue to reach out to our members in order to learn more about how our programs and services are being received and, how we can maximise our efforts to the full benefit of the membership.

As a Member of the Inverclyde Chamber, your views and opinions are critical to the organisation's future success and as always we welcome all feedback on this, or any other matters.
